### Julie Says:

#### Rough riders Christmas weekend 2<sup>nd</sup> to 5<sup>th</sup> Dec Barend Holiday Village near Dumfries Scotland

Below are the details of the accommodation:

It is up to individual people to book the chalets so I suggest getting together to form groups of up to 8 and sorting out who is going to book them. Please book in the group name of West Yorks Rough Riders. Any stragglers can probably be fitted in where room is available.

#### Type A+ Chalet

(this sleeps upto 8) in the combination A/ 2 twin rooms down stairs and 4 single beds in a big room upstairs

**B/** 2 double rooms down stairs and 4 single beds in a big room upstairs.

This will need to be specified when booking.

Total cost is £186 for 3 nights (there is a minimum booking of 3 nights regardless of whether you stay fri to sun night or not)

All bedding and towels are in with the price.

There are other types of smaller chalet if needed but you will need to speak to the booking people to get details and deals.

There is a free pool and sauna we can use so bring your swimmers.

There is a Christmas dinner booked for sat night. Price is £14.95 per head. I will forward the menu on when I receive it.

The web site is <http://www.barendholidayvillage.co.uk/>

If you didn't manage to make it last year this is a superb accommodation in a great area for man made trails there have also been some additions to the trails from last year the biking is on web site <http://www.7stanes.gov.uk/>

**The next social get together** as mentioned previously has been settled on Sat 19th November. Apologies to the people who have already replied ages ago and hope they are still free on that night (you aren't booked up yet are you Stu?). Can everyone who is interested in going let me know asap so that Becky can book a restaurant in Leeds seeing as I did such a rubbish job last time. The plan is Cuban Heels for a Mexican and then a few drinks in Leeds. Further info as & when .

## Please don't read this - it's rude and silly.

### ALERT STATES:

**Londoners** are feeling the pinch in relation to recent bombings, and the Alert Level has just been raised from 'Miffed' to 'Peeved'! Soon though, the levels may be raised yet again to 'Irritated' or even 'A bit cross!'.

Londoners have not been 'A bit cross' since the blitz in 1940 when tea supplies all but ran out. Terrorists have been re-categorised from 'Tiresome' to 'a bloody nuisance'; the last time 'a bloody nuisance' warning level was issued prior to that was during the great fire in 1666.

Be aware that the **French** government announced yesterday that it has raised its terror alert level from 'Run' to 'Hide'. The only two higher levels in France are 'Surrender' and 'Collaborate'. The rise was precipitated by a recent fire that destroyed France's white flag factory, effectively paralysing their military capability.

It's not only the French that are on a heightened level of alert: The **Italians** have increased their alert level from 'Shout loudly and excitedly' to 'Elaborate military posturing'. Two more levels remain, 'Ineffective combat operations' and 'Change sides'. The **Germans** also increased their alert state from 'Disdainful arrogance' to 'Dress in uniform and sing marching songs'. They have two higher levels, 'Invade a neighbour' and 'Lose'.

Seeing this reaction in continental Europe, the **Americans** have gone from 'Isolationism' to 'Find another oil-rich nation in the Middle East ripe for regime change'. Their remaining higher alert states are 'Attack the world' and 'Beg the British for help'.
